* Congressional record of June 2, 1939, contains remarks by Congressman Thorpe re Dies Committee on Un-American Activities. Adv. "He recently appropriated \$300,000 to the FBI which is evidently used to spy upon us what a smell of the OGPU!"

Suggests Dies Committee investigate "Russian activities" which are so in-American.

Advised session was an attempt to "smear" General Moseley and that Communists at some time were attached.
